*"I wanted to tell the story of my Mom's life so that everybody could remember her just like I do. She loved gardening and her dogs more than anything! I chose a beautiful garden scene and added photos of her and her dogs. It turned out better than I could have ever imagined!"*

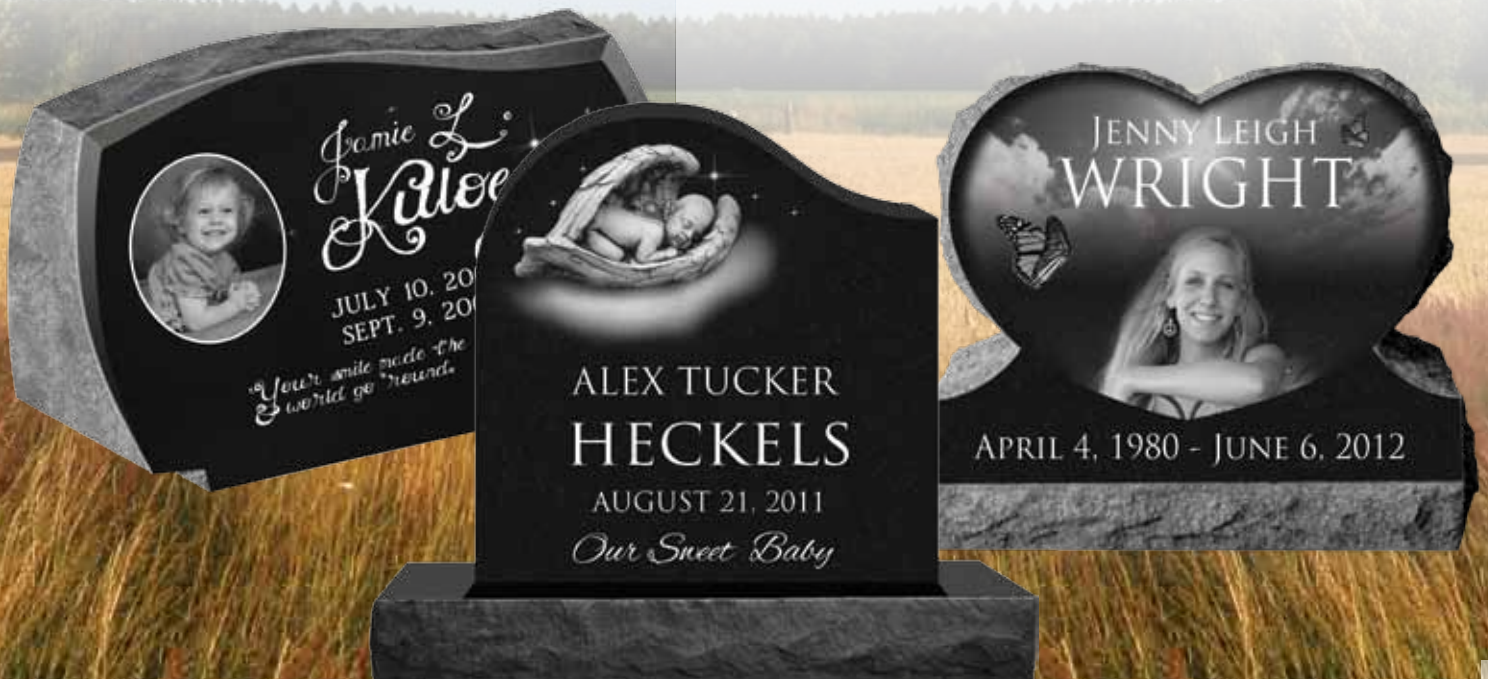

TURN THIS....

INTO THIS!

PRESERVE UNFORGETTABLE *Memories*

*"We went home and found the things that meant the most to her. We were able to show her life, and her impact upon the world. Once we saw the finished stone set in the cemetery, It was as if she was looking back at us letting us know that she was okay."*

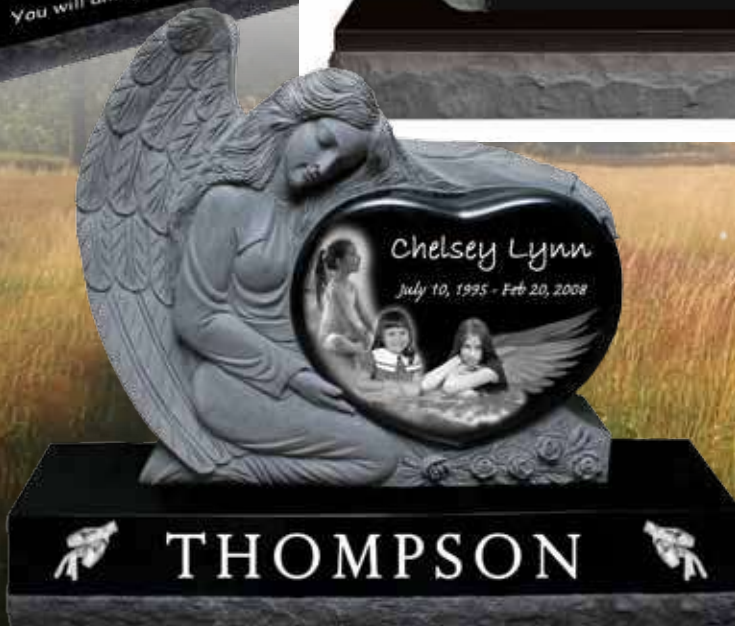

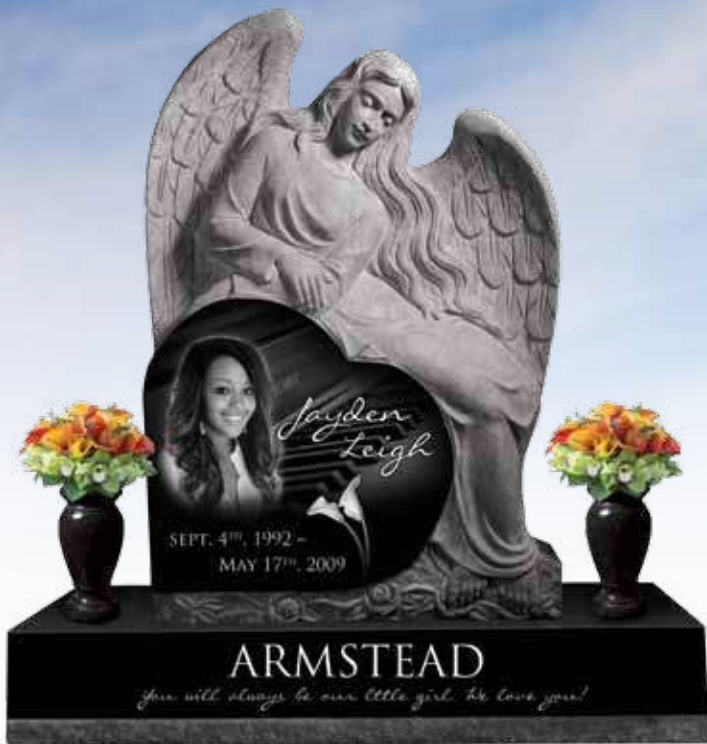

*“We are still sad, and miss him dearly. But when we visit the cemetery we don’t just see a grave, we’re reminded of all of the wonderful memories we made as a family.”*

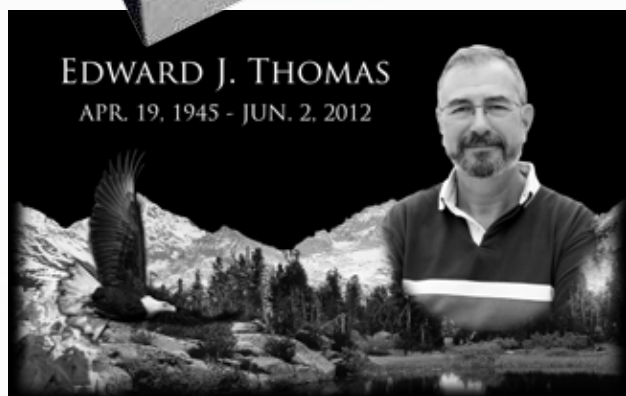

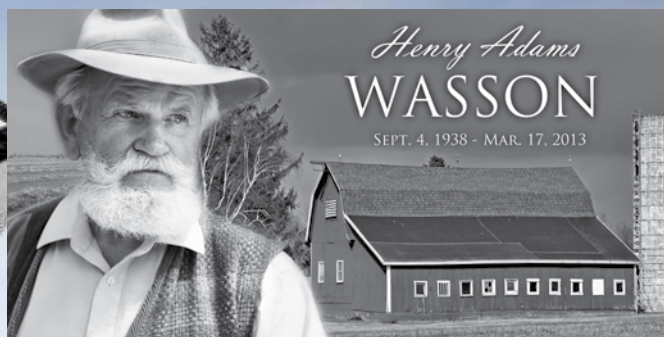

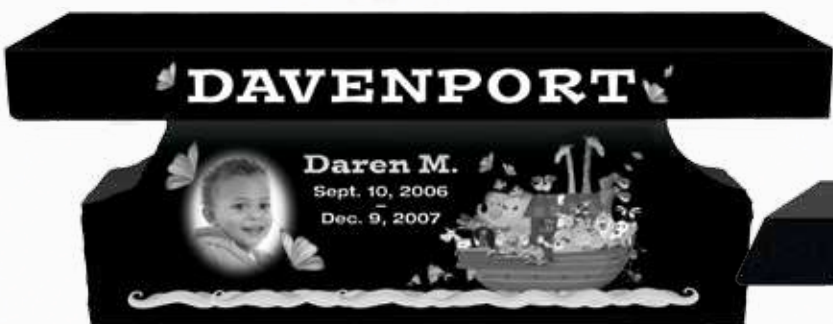

*"Gathering photos and reminiscing upon memories helped us in the mourning process. It was almost as our son was still with us, yet really brought closure to his life."*
